SLEasterAppeal

Easter Sunday 2019 was the blackest day in Sri Lanka's recent history. Terrorists bombed churches on the west and east coasts of Sri Lanka and three Colombo hotels.

The death toll was reported at 253, with more than 500 seriously injured. Many families have been left devastated by these indescribable acts of terror.

The FSOQ, in association with the Foundation of Goodness, has launched an appeal to help families of bombing victims.
